

12-Tube Standard Solar Water Heater

SWHG450-12

Compact Gravity-Type Evacuated-Tube Solar Water Heater

The SWHG450-12 is a standard gravity-type solar water heater fitted with 12 evacuated glass tubes measuring 58 mm × 1,800 mm. Its direct-heating design uses natural circulation to move heated water into the integrated storage tank, creating a simple solar hot-water system with low operating requirements.

Applications

Suitable for homes, villas, farms, guesthouses and small facilities requiring dependable solar-heated water.
